The funding would be used for: Land clearing*Haul and spread fill dirt*Install water*Install sewer*Install electricity*Construct 12'X12' ADA restroom facility*Construct 16'X20' pavilion*Install gravel parking area 10-15 vehicles *Install 1 ADA parking spot *Install ADA Access Paths 386 FT by 5 FT wide*Install 340ft by6ft Green way*Install boat/access ramp	\$195,000.00	East	Representative Jeremy Faison, and Senator Steve Southerland
2020-6880 (Grand Junction, City of)	Hardeman	The project scope consists of a walking path within the City Park and a parking area / trailhead. The asphalt trail will be approximately 10-feet in width and approximately 1,000 linear feet. Completion of the trail would provide the user a 1/5-mile loop around the perimeter of the City Park. The parking area / trailhead will consist of one ADA compliant parking spot and five (5) regular parking spots.	\$120,000.00	West	Representative Johnny Shaw, Representative Ron Gant, and Senator Page Walley
2020-6694 (West Tennessee River Basin Authority)	Madison	This grant project will include development of a trailhead with restroom facilities and information kiosk. The grant will also include boardwalk/overlooks for natural areas, educational signage, site fixtures, and site access control.	\$400,000.00	West	Representative Chris Todd, Representative Johnny Shaw, and Senator Ed Jackson
2020-6869 (TSP - Henry Horton State Park)	Marshall	Henry Horton State Park would like to utilize RTP Grant Funding to build a 1.4 mile greenway trail around the day use and hospitality portion of the park. This will be a 60 in. wide path paved with porous pave recycled tire material.	\$385,000.00	Middle	Senator Shane Reeves, Representative Todd Warner, and Representative Rick Tillis
2020-6895 (Memphis River Parks Partnership)	Shelby	River Edge Trail - a pedestrian path of cobblestone paving and exposed aggregate integral color would link the site's northern and southern reaches. The 15' wide, one mile path winds through distinct topographies and experiences, leading to the Civic Gateway's unique fountain and then winding through a grove of trees to a pavilion for restrooms, fitness stations and breathtaking views of the Mississippi River via an elevated, accessible walkway through the immersive tree canopy.	\$800,000.00	West	Representative Kevin Vaughan, Representative Jesse Chism, Representative Jim Coley, Representative Tom Leatherwood, Representative Antonio Parkinson, Senator Katrina Robinson, Representative Barbara Cooper, Representative G. A. Hardaway, Representative Dwayne Thompson, Representative Londa Lamar, Representative Torey Harris, Representative John Gillespie, Representative Joe
<b>Total recommended for RTP Phase I Award</b>			<b>\$1,900,000.00</b>		
2020-6663 (Tennessee Wildlife Resources Agency)	Scott	This project is a continuation of renovations and improvements to the existing trails in order to make them more environmentally sound and user friendly. Surface type will be dirt and gravel. Primary trails will 8' - 10' wide; secondary trails will be narrower. Rolling dips will be placed along trails and creek crossings will be armored with coarse aggregate limestone.	amount TBD based on legislation and % regulations	East	Representative Kelly Keisling, and Senator Ken Yager
