

Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

We foster a work environment that's inclusive as well as diverse, where our people can be themselves. Every idea and perspective is valued so that our culture reflects the people we serve.

Our Department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission through managing regulatory programs that maintain standards for air, water and soil quality while providing assistance to businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret and protect Tennessee's rich natural, historical, and archaeological heritage.

About the Tennessee State Parks:

From its beginning in 1937, Tennessee State Parks were established to protect and preserve the unique natural, cultural, and historic resources of Tennessee. The public interest has also been served by a variety of benefits for citizens and communities produced by our state park system, promoting stronger communities and healthier citizens across the state through diverse resource-based recreation while conserving the natural environment for today and tomorrow – preserving authentic Tennessee places and spaces for future generations to enjoy. As stewards of the resources in our parks, we seek to manage Tennessee's state parks in order to preserve and protect valued resources and to provide a balance of services and benefits for the enjoyment of the people.

TSP Maintenance Technician Pickett CCC Memorial State Park Annual Salary Range: \$34,404 - \$51,456

Are you looking for an opportunity to work with Tennessee State Parks? Our Tennessee State Parks are among the most beautiful parks in the United States. This position is at Pickett CCC Memorial State Park, northeast of Jamestown, in Pickett County on the Cumberland Plateau, and is adjacent to the Big South Fork National River and Recreation Area. Pickett has historic CCC structures, rental cabins, a campground, a group camp, a visitor center, picnic shelters, and more than 20 miles of hiking trails. The park provides oversight of Pogue Creek Canyon and Colditz Cove State Natural Areas and offers immersive experiences through multiple outdoor and backcountry opportunities.
