

## Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

We foster a work environment that's inclusive as well as diverse, where our people can be themselves. Every idea and perspective is valued so that our culture reflects the people we serve.

Our department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission through managing regulatory programs that maintain standards for air, water and soil quality while providing assistance to businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret and protect Tennessee's rich natural, historical, and archaeological heritage.

## About the Division of Water Resources (DWR):

The Division Water Resources is responsible for managing, protecting and enhancing the quality of the state's water resources for all Tennesseans through voluntary, regulatory and educational programs. Division activities include establishment of water quality criteria; issuance of permits and certifications; evaluation of monitoring data; conducting inspections; management of financial assistance for infrastructure and oversight activities related to stream channel modification, wetland alterations, dredging, groundwater protection, wellhead protection, safe dams, septic systems, pretreatment, bio solids application, and storm water.

## TDEC Environmental Scientist 1 Division of Water Resources Nashville Environmental Field Office Annual Salary Range: \$48,204 – \$60,336

Looking for an opportunity to work with a collaborative, diverse team in Tennessee State government? Interested in protecting our environment, public health, and water quality? The Division of Water Resources has a position in our Nashville Environmental Field Office (EFO) working with our great team, other EFO staff, and the regulated community directly. An employee may perform a full range of environmental compliance activities focusing on customer service and maintaining relationships with the regulated community.

We seek a candidate who practices excellent customer service and effectively communicates with a diverse internal and external customer base. Preferred candidates will possess strong time management and organizational skills. The position requires fieldwork in rural areas, construction sites, and in all weather conditions, and frequent day travel. Preferred bachelor's degrees include engineering, agronomy, biology, physical sciences, or other related environmental science fields. Candidates must meet the minimum qualifications (MQs) for this position. For MQs and how to apply, please visit <http://www.tn.gov/careers>.

### Highlighted Responsibilities:

- Receive, review, and evaluate general construction stormwater, aquatic resources alteration permit applications, and hydrological determination applications in a timely manner.
- Perform compliance evaluation inspections on active general construction stormwater coverages and aquatic resources alteration general permits to ensure regulatory compliance.
- Perform chemical and biological sampling to support the Clean Water Act and Tennessee Water Quality Control Act goals.
- Evaluate and approve or deny proposed subdivisions.
- Conduct complaint investigations related to water quality violations and/or fish kills in a timely manner.
- Initiate enforcement actions when necessary to ensure compliance with all applicable state and federal water quality regulations.

*Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain, and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability, veteran's status or any other category protected by state and/or federal civil rights laws.*
