Connie and Randy,

The U.S. Department of Energy is writing to inform you that an additional 30 days will be exercised per the Federal Facility Agreement, Section XXI.G.6, in responding to comments and submitting the D2 version of the Record of Decision document for the EMDF:

Record of Decision for Comprehensive Environmental Response, Compensation, and Liability Act Oak Ridge Reservation Waste Disposal at the Environmental Management Disposal Facility, Oak Ridge, Tennessee. (DOE/OR/01-2794&D1).

This extension results in the submittal date moving from November 10, 2021, to December 10, 2021.

A further extension request is likely given the ongoing discussions between the three FFA parties and will be forthcoming in formal correspondence as the schedule and negotiations progress.

Thank you,

Roger Petrie
