Data include both confirmed and probable cases of COVID-19 reported to TDH or tested by TDH since January 21, 2020. Due to different source data, numbers may differ slightly from day to day. These figures are updated weekly on Wednesday afternoons and reflect data through the previous week; there may be a lag in the reporting of cumulative numbers at the state level. Please note numbers within tables may not add up to total confirmed number of cases due to reporting delays and/or missing data. Percentages may not add up to 100.0% due to rounding.
