

Healthy Built Environment Grant Project Flow Chart

Please fill out the boxes below to show the process and expected results for your proposed project

<p>What resources will you use to implement your project?</p>	<p>What activities will you do with these resources?</p>	<p>What will you produce through these activities?</p>	<p>What changes will result from your project?</p>	<p>What long term impacts will your project have?</p>
<p>Examples: staff, funding, partnerships, volunteer labor</p>	<p>Examples: build a new playground, hold community meetings</p>	<p>Examples: a greenways plan, a new park, new partnerships</p>	<p>Examples: change in physical activity, greater access to parks</p>	<p>Examples: reduce obesity, improve mental health</p>
<p>Staff</p>	<p>Convene Meetings, Manage contractors, keep project on track</p>	<p>A pedestrian safety plan that can be used to pursue future funding</p>	<p>Improvements to infrastructure on Dickerson Pike</p>	<p>Reduced pedestrian crashes, increased pedestrian activity along Dickerson</p>
<p>Engagement Contractor</p>	<p>Conduct outreach to transit riders, the homeless, and nearby residents</p>	<p>Meaningful input from the community to inform the design</p>	<p>Better final design that serves the needs of those walking on Dickerson Pike</p>	<p>Reduced pedestrian crashes, increased pedestrian activity along Dickerson</p>
<p>Volunteers & Steering Committee</p>	<p>Community engagement: meetings, digital outreach, media, emails, oversight</p>	<p>Meaningful input from the community to inform the design</p>	<p>Better final design that serves the needs of those walking on Dickerson Pike</p>	<p>Reduced pedestrian crashes, increased pedestrian activity along Dickerson</p>
<p>Engineering & Planning Firm</p>	<p>Assess existing infrastructure gaps, recommend countermeasures</p>	<p>A pedestrian safety plan & initial designs</p>	<p>A plan for Nashville to pursue funding for safety countermeasures on Dickerson</p>	<p>Reduced pedestrian crashes, increased pedestrian activity along Dickerson</p>
<p>TURBO (tactical urbanism organizers)</p>	<p>Install temporary pedestrian infrastructure</p>	<p>Engage the community & make it immediately easier for those walking</p>	<p>Community buy-in for the final design</p>	<p>Reduced pedestrian crashes, increased pedestrian activity along Dickerson</p>
