Cancer Screenings

Goal 7.1. Increase the percentage of Tennesseans receiving their recommended breast cancer screening and colorectal cancer screening.

<p>Increase non-digital and digital outreach, education, and promotion on the importance of early cancer detection and screening and the availability of financial resources for uninsured and underinsured patients in various languages.</p>	✓	✓	✓	✓	✓
<p>Address barriers to care by using Community Health Workers (CHWs) to assist with patient navigation of care and ensure access to high-quality screenings and care post-screenings as needed.</p>	✓	✓		✓	
<p>Identify trusted and representative community voices to share first-hand experiences on the benefits of early detection and screening and ensure these stories and educational materials are shared in non-traditional settings.</p>			✓	✓	
<p>At breast cancer mobile screening events, share next steps for post-screening care and resources including transportation and financial assistance options.</p>	✓	✓	✓	✓	
<p>Increase public education on noninvasive at-home colon cancer screening options.</p>	✓	✓
