The mission statement of Bryan College's Education Department is to train teachers in content and pedagogy in the context of a Christian worldview. The goal being to equip students to influence children and youth in order to help them to become productive leaders of their generation. This is accomplished by providing a rigorous college education in the liberal arts or specific subject area, intensive pedagogy training, and multiple hands-on practicum opportunities. These practicum experiences begin during the students' freshman year and culminate in a 15 week student teaching experience. The value of both content knowledge and pedagogy is expressed throughout the program, but emphasis is placed on understanding student development so that content and pedagogy can be used most effectively.

Overall Performance

Does Not Meet Expectations

What is this metric?

This is a measure of an EPP's overall performance across the three scored domains in the Report Card: Candidate Profile, Employment, and Provider Impact.

Score Over Time

Does Not Meet Expectations
2019

Performance Category 1
2018

Performance Category 1
2017

What is this metric?

This metric shows the overall performance category this provider earned on the Report Card in each of the last three years. In previous years, the Report Card scoring framework included four performance categories, numbered 1 through 4, with 4 indicating the highest level of performance. This year, the Report Card uses three performance categories with descriptive names ("Exceeds Expectations," "Meets Expectations," and "Does Not Meet Expectations").

Why is this important?

This shows how this provider has performed over time relative to the State Board's expectations for educator preparation. Changes made to the Report Card scoring framework in 2019 mean that scores on the 2019 Report Card are not directly comparable to scores on earlier Report Cards.

Candidate Profile

The Candidate Profile domain evaluates the provider's ability to recruit a strong, diverse cohort of candidates and prepare them to teach in the content areas of greatest need.
