Dental Benefits in Pregnancy

All adult TennCare enrollees now have dental benefits. Adult pregnant and postpartum enrollees will receive the same benefits and coverage as all adult members.

A healthy mouth can mean better health for you and your baby now and in the future.

Adult TennCare enrollees will be able to see a dentist at no cost to them for all medically necessary, covered dental services, which consist of regular exams, x-rays, cleanings, fillings, crowns, and more.

DentaQuest can help you find a dentist. Call **855-418-1622** or go to dentaquest.com/state-plans/regions/tennessee/
