

Episodes of Care Annual Feedback Session

May 19th, 2021

Welcome!

- The event will start at **9:00 am CST/10:00 am EST**.
- Upon logging in, all participants will be automatically muted with cameras disabled.
- Please use the **chat function** within WebEx to let us know you'd like to speak. The moderator will grant you control of your mute button when it's your turn.

EPIISODES OF CARE ANNUAL FEEDBACK SESSION

May 19th, 2021

Episodes of Care Annual Feedback Session

Agenda

1. Welcome/Introduction
2. Feedback from Specialist Providers
3. Feedback from Facility Providers
4. Feedback from Behavioral Health Providers
5. Feedback from Primary Care Providers
6. Feedback from Miscellaneous Stakeholders

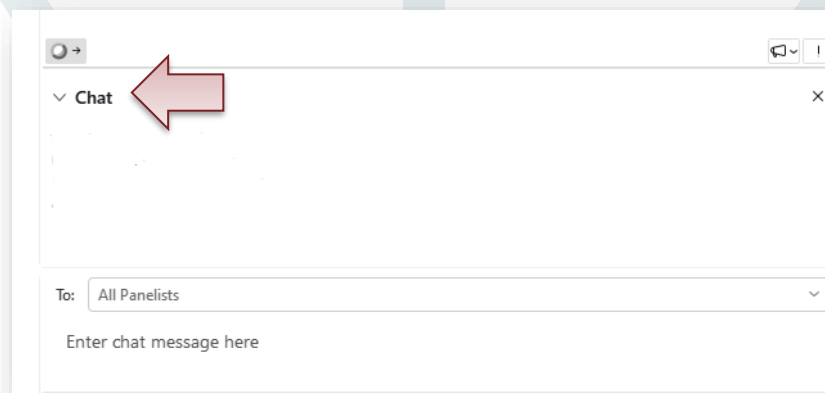

The Feedback Session will end once all stakeholders have had an opportunity to speak. We anticipate the event will take one hour.

Episodes of Care Annual Feedback Session

We want to hear from you!

Ways to Share Your Feedback:

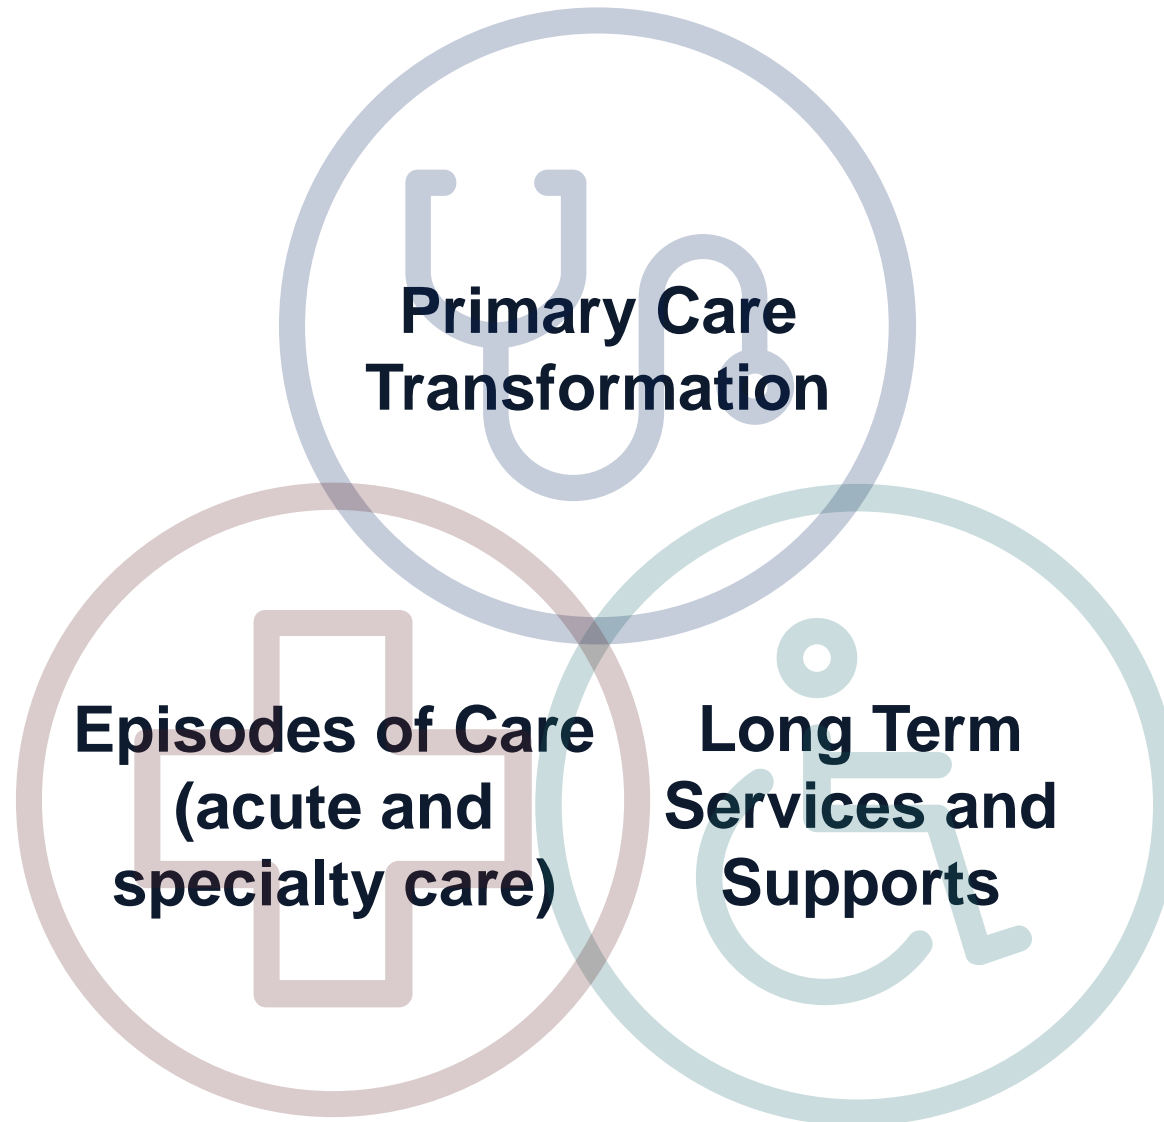

- **Now:** Use the **chat** function on WebEx to tell us you would like to speak. The moderator will introduce you and unmute you.
- **Always:** Send an email to Payment.Reform@tn.gov
- **Always:** Contact your MCO representative

TennCare Episodes of Care Team

- **Jessica Hill:** Director of Strategic Planning & Innovation
- **Johnny Lai:** Episodes Strategy Manager
- **Dr. Vaughn Frigon:** Episodes Medical Director
- **Carl Mueller:** Episodes Data Scientist
- **Mathias Schreiner:** Episodes Data Analyst
- **Beth DeWeese:** Episodes Strategy Specialist / Provider Engagement Lead

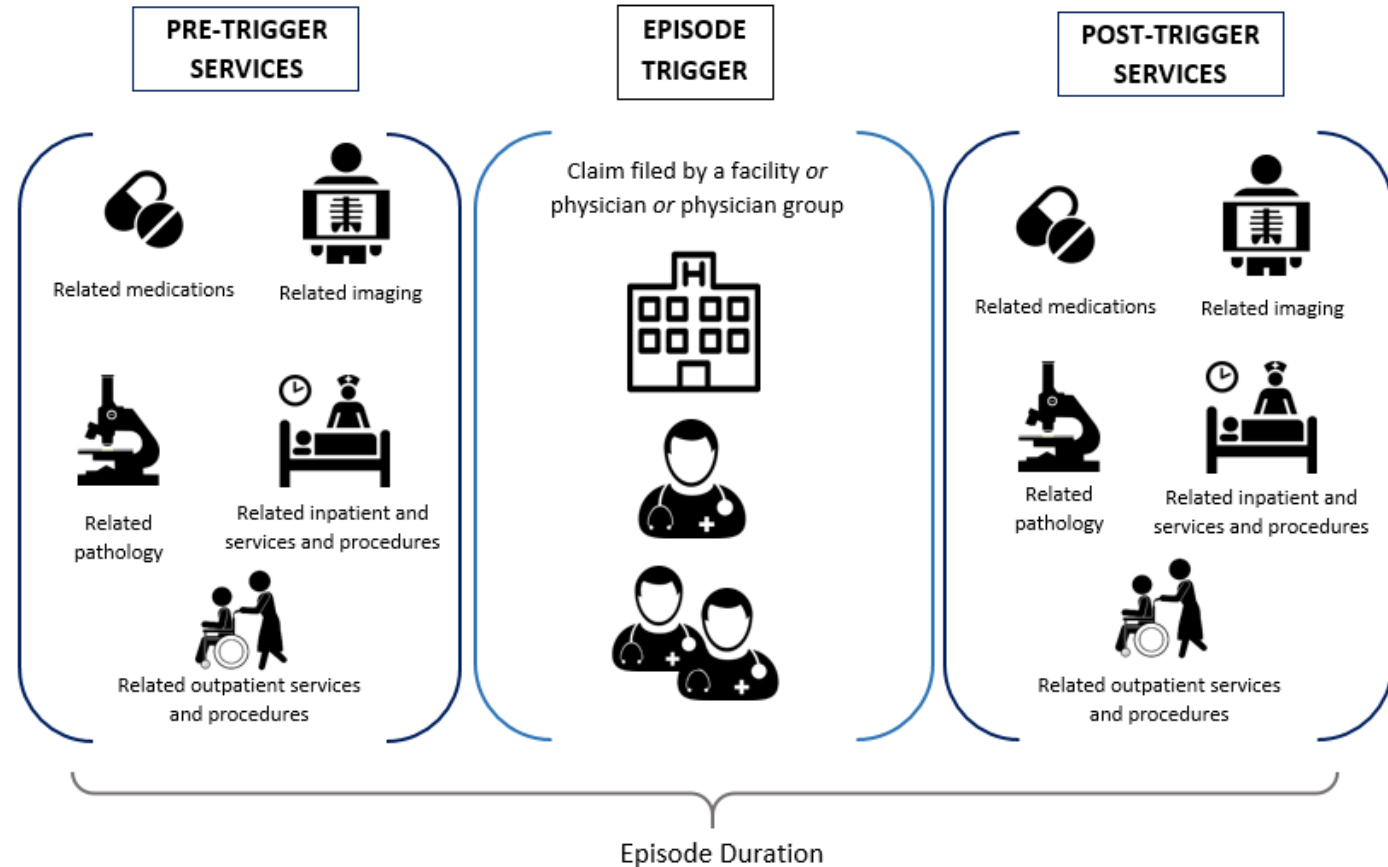

Tennessee Delivery System Transformation Strategies

Episodes of Care Definition

An **Episode of Care** is a defined set of services designed by TN clinical experts that allows for fair comparisons across providers state-wide.

The purpose is to increase data sharing, best practices adoption, and quality of care across the state, all for the benefit of the patients receiving the care.

Each episode is different according to its own design.

Key Principles

- **Coordinated care** for all services related to a specific condition
- Providers are **accountable** for all pre-specified services across the episode
- High quality, cost-efficient care is **rewarded** beyond current reimbursement

48 TennCare Episodes of Care

Status	Wave	Episode
In Performance	1	Asthma acute exacerbation
		Perinatal
		Total joint replacement
	2	Cholecystectomy
		Colonoscopy
		COPD acute exacerbation
		PCI – acute
		PCI – non acute*
		EGD
	3	GI hemorrhage
		Pneumonia
		Respiratory infection
		UTI – inpatient
		UTI – outpatient
		ADHD
	4	Bariatric surgery
		CABG*
		CHF acute exacerbation
ODD		
Valve repair and replacement*		

Status	Wave	Episode
In Performance	5	Breast biopsy
		Otitis media
		Tonsillectomy
	6	Diabetes acute exacerbation
		HIV*
		Pancreatitis
		Skin and soft tissue infections
		Back / neck pain
		Femur / pelvic fracture*
		Knee arthroscopy
		Non-operative ankle injury
		Non-operative knee injury
		Non-operative shoulder injury
	Non-operative wrist injury	
	7	Spinal decompression
		Spinal fusion

Status	Wave	Episode
In Performance	8	Acute gastroenteritis
		Acute seizure
		Appendectomy
		Bronchiolitis
		Colposcopy
		Gastrointestinal obstruction
		Hernia repair
		Hysterectomy
	9	Pediatric pneumonia
		Syncope
		Acute kidney and ureter stones
		Cystourethroscopy

*Episode type will shift to informational-only reporting beginning in January 2021.

Results of the Episodes of Care Program

Continuous Improvement Through Listening to Stakeholders

Technical Advisory Groups

26 Technical Advisory Groups with over 360 providers

Provider Reports

Over 260,000 episodes reports with new information sent to providers

Episode Design

Made over 150 changes to episode design based on Stakeholder feedback:

- Updated quality metric definitions
- Low volume exclusions
- Overlapping episode exclusion

Stakeholders

More than 1,500 stakeholder meetings

- 7 annual episodes design feedback sessions
- Bi-monthly meetings with TAMHO on episodes and TN Health Link between 2017-2019
- Additionally, hundreds of meetings per quarter between MCOs and providers

“I do feel 100% that I have been allowed to voice my opinions and to voice my concerns, to see the positives and the negatives. And I’ve always felt that you and your staff have always been very listening and approachable.”

An orthopedic provider

“I felt like we actually had a significant input and changed a few ideas, again to avoid unintended consequences.”

A general surgeon

COVID-19 and Episodes of Care

MCOs **will waive** all episodes of care risk-sharing payments for the **2020** performance year while still paying out gain-sharing payments.

- Thank you for your continued dedication to provide quality care to TennCare members during the COVID-19 pandemic. The state recognizes that COVID-19 has created an unprecedented health and economic crisis for the provider community, including financial pressures on many providers.

How the Episodes Team Processes Your Feedback

Approach and Process

- 1. May 2021:** Gather feedback from stakeholders across the state on all 48 episodes
- 2. Summer 2021:** Conduct analyses to inform how to incorporate feedback
- 3. Fall 2021:** Release memo to public with responses to all proposed episode changes
- 4. January 2022:** Accepted changes are implemented for 2022 performance period. Providers will see this year's changes reflected in their August 2022 reports, which capture Q1 2022 performance data.

Stakeholder feedback is important to TennCare and integral to the success of the Episodes program!

Summary of Program Changes (2021)

Providers will see these changes for the first time in their August 2021 reports.

Episode Type(s) Impacted	Change to Episode Design
Coronary Artery Bypass Graft (CABG); Femur/Pelvic Fracture; Human Immunodeficiency Virus (HIV) Infection; Non-acute Percutaneous Coronary Intervention (PCI); Valve Repair and Replacement	Shift episodes to informational only reporting beginning with the 2021 performance period
All episodes	Update the FQHC/RHC exclusion from an episode-level exclusion to a quarterback-level exclusion
Attention Deficit Hyperactivity Disorder (ADHD)	Update the attribution logic to increase specificity in identifying the quarterback
Attention Deficit Hyperactivity Disorder (ADHD)	Continue the temporary level 1 case management exclusion
Breast Biopsy	Extend the Appropriate Diagnostic Workup Rate quality metric pre-trigger window to overlap with the trigger window
Hysterectomy	Update the denominator of the Alternative Treatments quality metric to exclude those women who have a history of uterine prolapse (N81.3)
Hysterectomy	Update the Related follow-up care quality metric to include additional related diagnoses that count towards the quality metric (Z09 and Z48.816)
Hysterectomy	Update the denominator of the Alternative Treatments quality metric to remove uterine polyps (N84.1)
Hysterectomy	Update the Alternative Treatments quality metric to include LEEP, cold knife conization, and colposcopy procedures
Knee Arthroscopy	Change the duration of the pre-trigger opioid window to days 1 - 60 prior to the trigger window start date
Perinatal	Update the code list for episode triggers in the perinatal episode
Perinatal	Remove Screening for Hepatitis B Specific Antigens informational quality metric
Perinatal	Add Screening for Hepatitis C as an informational quality metric

2021 Stakeholder Feedback Received Thus Far

ADHD Episode: Allow telephone calls encouraging patients to make/keep follow-up care visits count toward the Minimum Care Requirement quality metric.

Perinatal Episode: GBS culture should not be performed in the 3rd trimester in patients with GBS bacteriuria during pregnancy. Can the idea of universal GBS cultures be revisited?

All Episodes: While they all contain the same data and have similar report format they are just enough different it makes it difficult to aggregate our data across the different MCO's to produce a total TennCare report that we can then analyze by MCO by internal location. It would be nice to get a CSV file from each MCO in a standard format that allows us to utilize our own tools to do further analytics.

All Episodes: Please continue to encourage all three MCOs to share rolled up information (meaning if you represent a health system or a very large group, it is helpful to see an executive summary in order to affect changes for your organization).

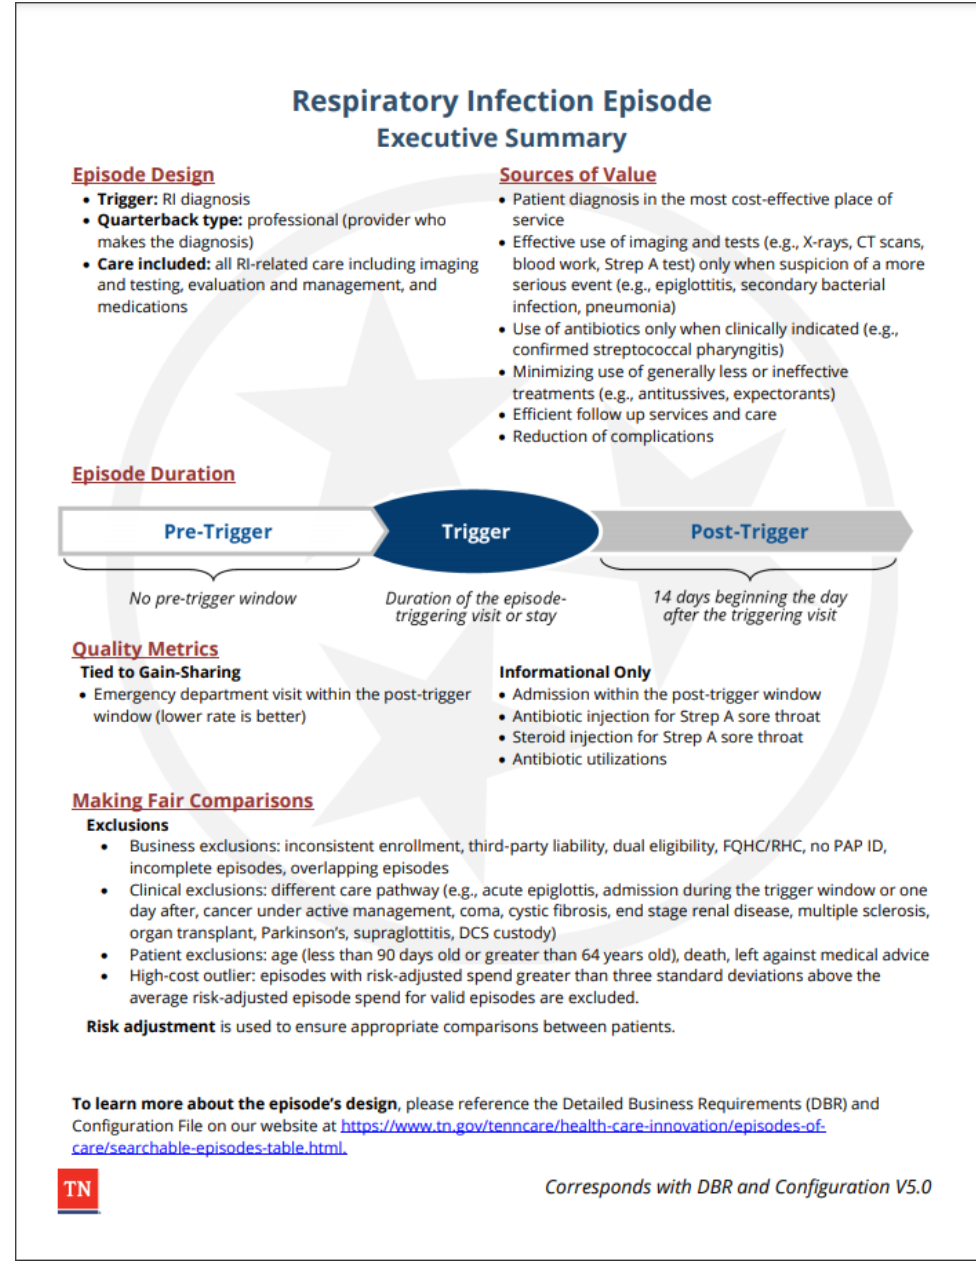

Perinatal Episode: Can breech and transverse fetal position be included as exclusion criteria for c-sections?
