INTRODUCTION

This report is a supplement to 'Affirmative Action Data - 2010 Census', providing current information to employers for preparing affirmative action plans. It contains 2017 annual average labor force information for the U.S., Tennessee, metropolitan statistical areas (2015 geographic definition), and counties (listed alphabetically). Demographic estimates of the labor force were derived by applying 2012-2016 Census American Community Survey data (Tables S2301 & DP03) to 2017 annual average labor force estimates.

For information regarding occupations of the employed, please refer to the report, 'Affirmative Action Data - 2010 Census' (<https://www.tn.gov/workforce/general-resources/major-publications0/major-publications-redirect/public-reports-redirect/affirmative-action-data.html>) or the Census Bureau website (www.census.gov).

The Census titles for the race/ethnic groups on the following pages are:

White only

Black or African American only

Asian only

Hispanic or Latino (of any race)

The data for 'Other races' is produced by subtracting White, Black/African American, Asian from the total.

The preparation and submittal of affirmative action plans is required for many employers. For information regarding who must file such plans, and for samples of affirmative action forms/formats to be used, contact the U.S. Department of Labor, Office of Federal Contract Compliance Programs at (615) 781-5395, or go to their website (<https://www.dol.gov/ofccp/>).

Note: Material in this publication is in the public domain and may be reproduced without permission of state government.
